Tailor's chalk

SECTION 1: IDENTIFICATION OF THE MIXTURE AND OF THE COMPANY

1.1 Product identifier:

Brand names: Magic Tailor's Chalk

1.1.1 Other Information

Substance/Mixture: Mixture

1.2 Relevant identified uses of the substance or mixture and uses advised against: Intended uses: Tailor's chalk.

Not recommended uses: other than intended.

1.3 Details of the supplier of the safety data sheet:

GHI Inc
305 Wildberry Ct B1
Schaumburg, IL 60193
847 609 7922

Email: nsngupta@aol.com

1.3.1 person responsible for the safety data sheet E-mail:

Email: nsngupta@aol.com

1.4 Emergency number

847 609 7922

SECTION 2: HAZARDS IDENTIFICATION

2.1 Classification of the substance or mixture

2.1.1 Classification according to Regulation (EC) No. 1272/2008 (CLP)

The mixture is not classified as hazardous according to Regulation (EC) No. 1272/2008 (CLP).

The product does not pose a danger when used as intended.

2.2 Labeling elements

2.2.1 Labelling according to EU Regulation No. 1272/2008 (CLP)

no

2.3 Other hazards The

mixture does not meet the criteria for PBT or vPvB substances according to Annex XIII of EU Regulation 1907/2006.

SECTION 3 COMPOSITION/INFORMATION ON INGREDIENTS

3.2 Mixtures

The mixture does not contain any hazardous substances in relevant quantities.

SECTION 4 FIRST AID MEASURES

4.1 Description of first aid measures General

4.1.1 information

If symptoms occur or in case of doubt, seek medical advice and keep this data sheet with you.

4.1.2 Inhalation:

If symptoms persist, seek medical attention.

4.1.3 Eye contact:

Remove any contact lenses. Immediately rinse eyes, particularly the area under the eyelids, with clean running water (preferably lukewarm) for at least 15 minutes with the eyelids wide open. Consult a physician, especially if eye pain or redness persists.

4.1.4 Skin contact:

If skin irritation occurs (redness, etc.), consult a doctor.

4.1.5

Rinse mouth thoroughly with water. Do not induce vomiting; seek medical advice immediately.

4.2

Most important symptoms and effects, both acute and delayed: No data available.

4.3

Indication of any immediate medical attention or special treatment needed No data available

SECTION 5 FIRE-FIGHTING MEASURES

- 5.1 extinguishing agent
- 5.1.1 Suitable extinguishing agents:
It is not a flammable substance. Adapt the extinguishing agent to the materials in the immediate vicinity of the fire.
- 5.1.2 Unsuitable extinguishing agents: full water jet
- 5.2 Special hazards arising from the substance or mixture: No special measures required Hazardous combustion products: Carbon oxides are released during combustion.
- 5.3 Advice for firefighters: Adapt protective equipment for firefighters to the environmental conditions. Cool exposed packaging with a water spray. Collect contaminated firefighting water separately to prevent it from entering sewers, the soil, or waterways.

SECTION 6 ACCIDENTAL RELEASE MEASURES

- 6.1 Personal precautions, protective equipment and emergency procedures: Ensure adequate ventilation. Avoid contact with eyes. Avoid dust formation.
- 6.2 Environmental protection measures
Avoid entry into drains, watercourses or the soil.
- 6.3 Methods and material for containment and cleaning up: Collect mechanically and dispose of according to Section 13. Avoid dust formation.
- 6.3 Reference to other sections
Further see sections 7, 8 and 13

SECTION 7 HANDLING AND STORAGE

- 7.1 Precautions for safe handling General protective and hygiene measures: Ensure effective ventilation/extraction/ventilation. Keep away from food and drinks. Do not eat, drink, or smoke while working. Wash hands before breaks and after work. Do not breathe vapors.
Fire and explosion protection: no special measures required.
- 7.2 Conditions for safe storage, including any incompatibilities: Store in the original packaging or in the designated containers in a cool, dry place. Do not expose to temperatures below freezing. Smoking prohibited. Store in a well-ventilated place.
Keep the product separate from food, drinks and animal feed.
- 7.3 Specific end use(s) No information available

SECTION 8 EXPOSURE CONTROLS/PERSONAL PROTECTION

- 8.1 Parameters to be monitored
- 8.1.1 Substances for which exposure limit values are set in accordance with Directive 2000/39.
no
- 8.2 Exposure controls: Appropriate
- 8.2.1 engineering controls: No special measures are required provided the product is handled in accordance with general principles of hygiene and public safety. Ensure effective ventilation/extraction at the workplace.
- 8.2.2 Individual protective measures including personal protective equipment Personal protective equipment must be in accordance with Commission Regulation (EU) 2016/425 and Directive (EU) 2019/1832.
- 8.2.2.1 General hygiene and protective measures: Do not eat, drink, or smoke while handling the product. Avoid contact with eyes or skin. Wash hands after use.
- 8.2.2.2 Respiratory protection No special equipment is required for the intended use.
- 8.2.2.3 Hand protection

Tailor's chalk

No special means are required for the intended purpose.

When using the product professionally, the use of protective gloves is recommended.

8.2.2.4 Eye protection

No special equipment is required for the intended use.

When using the product professionally, the use of protective goggles (EN 166) is recommended.

8.2.2.5

Skin protection (whole body): No

special products are required for the intended use.

8.2.3

Limitation of environmental exposure

under normal use no environmental exposure is expected

SECTION 9 PHYSICAL AND CHEMICAL PROPERTIES

9.1 Information on basic physical and chemical properties

State of matter	Solid
Color	different shades
Odor	Odorless
Odor threshold	not determined
melting point/freezing point;	not determined
Initial boiling point and boiling range;	not applicable not
Flammability	applicable not
Lower and upper explosion limits	determined not
Flash point:	applicable
Ignition temperature	not determined
Decomposition	not determined
temperature pH value	not applicable not
Kinematic viscosity	applicable
solubility	insoluble
Partition coefficient: n-octanol/water	not applicable not
vapor pressure	applicable
Density and/or relative density	not applicable
Relative vapor density (air=1)	not applicable not
Particle properties	determined not
Evaporation rate Autoignition	applicable none
temperature Explosive properties	none
Oxidizing properties 9.2	
Other information Not available	no

SECTION 10 STABILITY AND REACTIVITY

10.1 Reactivity

The product is stable under normal conditions of use.

10.2 Chemical stability

The product is stable under normal conditions of use.

10.3 Possibility of hazardous reactions No

dangerous reactions known if the product is handled according to specifications 10.4 Conditions to avoid The

product must not be exposed to temperatures

below freezing.

10.5 Incompatible materials Not

known

10.6 Hazardous decomposition products

Under normal conditions of storage and use, no hazardous decomposition products are formed.

SECTION 11 TOXICOLOGICAL INFORMATION

11.1 Information on hazard classes within the meaning of Regulation (EC) No. 1272/2008

No toxicological data have been experimentally determined for the mixture. The information on the possible effects of the mixture is based on knowledge of the effects of the individual components.

Acute toxicity Skin

Based on the available data, the classification criteria are not met Based on the available

corrosion/irritation:

data, the classification criteria are not met Based on the available data, the classification

Serious eye damage/irritation:

criteria are not met

Tailor's chalk

Respiratory/skin sensitization: Germ cell mutagenicity:	Based on the available data, the classification criteria are not met. Data are not available.
Carcinogenicity:	Data not available. Based
Reproductive toxicity:	on the available data, the classification criteria are not met.
Specific target organ toxicity (STT) after single exposure:	based on the available data, the classification criteria are not met
Specific target organ toxicity (STT) after repeated exposure:	based on the available data, the classification criteria are not met
Aspiration hazard:	based on the available data, the classification criteria are not met
11.2 Information on other hazards	
As far as we know, the mixture does not contain any substances identified as endocrine disruptors.	

SECTION 12 ECOLOGICAL INFORMATION

12.1	toxicity	No relevant toxicological data are available for the mixture. Information on the possible effects of the mixture is based on knowledge of the effects of the individual components.
12.2	Persistence and degradability	No information is available for the mixture.
12.3	Bioaccumulative potential	No data are available for the mixture.
12.4	mobility	No information is available for the mixture.
12.5	Results of PBT and vPvB assessment	The mixture does not meet the criteria for PBT or vPvB substances according to Annex XIII of EU Regulation 1907/2006.
12.6	Endocrine-disrupting properties:	As far as we know, the mixture does not contain any substances identified as endocrine disruptors. Other adverse effects:
12.7	Prevent large quantities of the product from entering the environment.	In high concentrations, it may interfere with the activation process in wastewater treatment plants.

SECTION 13 DISPOSAL CONSIDERATIONS

13.1	Waste treatment methods	The catalogue numbers of the waste types are to be assigned by the user based on the product application and other facts.
		If used under household-like conditions, it can be disposed of with household waste.
		Recommended waste code: 08 01 99 Wastes not otherwise specified
		Packaging: Subcategory 15 01 xx (according to the type of packaging material)

SECTION 14 TRANSPORT INFORMATION

14.1 UN number or ID number	14.2 UN	Not applicable
proper shipping name	14.3 Transport hazard class(es)	14.4 Not applicable
Packing group	14.5 Environmental hazards	14.6 Special Not applicable
precautions for user	14.7	Not applicable
Transport in bulk by sea according to IMO instruments		Not applicable
		Not applicable

SECTION 15 INFORMATION ABOUT THE REGULATIONS

15.1	Safety, health and environmental regulations/legislation specific for the substance or mixture	Regulation (EC) No 1907/2006 of the European Parliament and of the Council as amended Regulation (EC) No 1272/2008 of the European Parliament and of the Council as amended
15.1.1	Other regulations	Observe restrictions: The general hygiene measures when handling chemicals must be applied.
		<u>Directive 2010/75/EU (VOC):</u> Water 0%
		<u>hazard class (Germany):</u> Technical instructions nwg - not hazardous to water
		<u>for air quality control - TA Luft:</u>

Chapter 5.2.1 - Total dust, including fine dust (inorganic and organic substances, general, not assigned to a class): 75.00 - 100.00 % Storage class

according to TRGS 510: 11

Combustible solids which cannot be assigned to any of the above storage classes 13 Non-combustible solids which cannot be assigned to any of the above storage classes Chemical safety

15.2 assessment Not carried out for the mixture.

SECTION 16 OTHER INFORMATION

16.1 Full text of H-phrases and abbreviations of classification classes none

16.2 Notes for training

Employees with the contents of this safety data sheet and the general rules for handling chemicals and Familiarize yourself with mixtures

16.3 Information on the sources used in the preparation of the safety data sheet

Information from the manufacturer and supplier in the safety data sheets. Other available databases and information. The information provided here is based on our knowledge of the product at the time of publication and is provided in good faith.

The user is made aware of the potential hazards that may arise from using the product for purposes other than those intended. This does not release the user from the obligation to know and apply all regulations applicable to their activity. It is the sole responsibility of the user to observe all regulations required for handling the product. These regulations are intended to assist the user in fulfilling their obligations when using hazardous products.

This information is not exhaustive. It does not relieve the user of the responsibility to ensure that no legal regulations other than those listed here apply to the use and storage of the product. This is the sole responsibility of the user. Changes from the previous version of the safety data sheet. First edition in German.
